

**Additional Third Party Papers** (that have not been tested by Canon)

The following ICC Profiles for certain non-Canon branded papers are available on the websites of the paper manufacturers listed below for select Canon Printers to help enhance your printing experience.

Please note that Canon has not performed testing on any of these ICC Profiles or non-Canon brand papers which are listed below. This information is not exhaustive; there may be other colour profiles or media that can be used in conjunction with the printers listed below.
